NEW: Wishlist Faerie Solitaire Harvest! : This year we will be publishing many new games, and the first new one being released by us is Faerie Solitaire Harvest! This kind of solitaire is a less commonly seen one, and we wanted our version to be the very best version of it in the world. The release date for FSH is official and will be this Easter! That's 53 days from now as of this post. Please wishlist, and share with your solitaire / card game loving friends! Steam seems to care about wishlists on launch of games and anything over 10k wishlists seems to be included in recommended lists so every wishlist counts. Your wishlist matters! If you wishlist you'll be notified the moment it is released, and any time it's on sale if you want to wait for a deal. FSH is only the first new game being fully released this year. There will be more too, many long in development! P.S. If you're owed a Steam key for this you will be able to get one from us once it releases.. New Faerie Solitaire Harvest Trailer : New trailer for FSH just uploaded! 49 days until release! We're trying to reach our wishlist goal before release so please wishlist the game and share its store page with others to help us out!. 1,786 wishlists. 21 days until release. 44.65% toward goal.. Faerie Solitaire Cards Repaint : First repaint of the cards is done (I've been wanting to do this for over a year+): Note: The sizes of the art on the top are the full sizes, but they will be scaled down a bit to the bottom sizes so that they fit better on the cards. This art is not final. If you see anything which bugs you please let me know so I can fix it. I see a bunch of stuff which I want to improve on, but overall I'm pleased with the improvements. New full size is 750x1070 vs the old full size of 75x107. These cards are 75x107. The new full sized cards will make it possible to display the cards in game at larger sizes without losing detail. Also, I made sure to paint them at a large enough size to allow me to get some real decks of cards printed! :D As soon as I get the cards perfect I'll make it possible to buy real decks of FS cards for a limited of time.. Faerie Solitaire Harvest is live! :. Wishlist Faerie Solitaire Dire! : One of the next games we are releasing on Steam is Faerie Solitaire Dire the super challenging yet rewarding card game! We're putting the store page up for it much earlier before release than we did with Harvest so hopefully it can get to a 4,000 wishlist goal before release! (FSH did reach 4k wishlists just after release!) More information Faerie Solitaire Dire on Steam here:. 2,355 wishlists. 4 days until release! 117.75% toward goal! : Wishlist while you still can! Get hyped FSH releases for sure in 4 days on the 22nd! That's next Monday / Easter Monday / Earth Day!. Hurry! Get Faerie Solitaire Harvest while it's still on launch discount! : If you loved the original Faerie Solitaire you will probably love this new game too! Save 10% on FSH until the 29th! Want a peek at some of the new pets in FSH? Hover the spoiler tag! Oooo, shiny!.
